

# Parwich Primary School History Progression Grid

## History Intent

History has always been held in high regard at Parwich Primary School. The history curriculum at Parwich makes full use of resources within the immediate and wider local area enabling children to develop a deep understanding of the history of their locality.

Topics are informed by the National Curriculum and are sensitive to children’s interests, as well as the context of the local area. The history curriculum at Parwich is carefully planned and structured to ensure that current learning is linked to previous learning and that the school’s approaches are informed by current pedagogy.

In line with the National Curriculum 2014, Parwich holds the following aims for all pupils:

- To gain a coherent knowledge and understanding of Britain’s past and that of the wider world which helps to stimulate pupils’ curiosity to know more about the past;
- To ask perceptive questions, think critically, weigh evidence, sift arguments, and develop perspective and judgement;
- To understand the complexity of people’s lives, the process of change, the diversity of societies and relationships between different groups, as well as their own identity and the challenges of their time.

### EYFS –see Development Matters 2021 for detailed examples of how to support learning in EYFS

**Understanding the World** – Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children’s personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children’s vocabulary will support later reading comprehension.
